

# Quality Health & Safety Policy

- Developing and maintaining the Quality and Health and Safety Management Systems to the standards of ISO 9001:2015 & ISO 45001:2018
- Continually improving the effectiveness of the Quality and Health and Safety Management System
- The enhancement of customer satisfaction
- To the prevention of injury and ill health to the safety of our staff and we are committed to ensuring the safety of visitors, clients and contractors on our various sites / workplaces under our control.
- Complying with all relevant quality and safety legislation and best management practices. To consult with all staff and employees on matters of quality and health and safety.
- The promotion of high standards of health, safety and welfare that comply with the appropriate legislation
- To continuously improve our quality and safety performance,
- To co-operate with, and seek the co-operation of, clients, main contractors, sub-contractors and enforcing authorities, to ensure work is carried out in a safe manner and to the highest quality and safety standards.
- To review the contents of the QHS Policies and Safety Statement as changes occur in this operation as well as to take note of all legislative changes that are relevant to this operation and periodically, to ensure this document is relevant.
- To bring the contents of the Safety Statement to all employee's attention, at least annually, by providing them with access to the document.
- To provide sufficient resources for the implementation of this policy and to seek competent advice if required.
- To provide health surveillance where a need is identified by a risk assessment or where prescribed by law.
- To continuously monitor and upgrade in line with our QHS policy and external influencing factors such as legislation, changes in technology, and market pressures.
- To make available all necessary information and training to both our employees (and the public where appropriate) to help implement this policy and to raise awareness of the potential safety consequences of our activities.
- To plan and establish measurable objectives and targets based on the QHS Policy for the ongoing development of the company and its clients. These objectives are aligned to the strategic direction of the business, regularly reviewed and measured by management.
